Riverbend Park Receives ORPA Design Award

Bend Park & Recreation District has received a statewide design award for Riverbend Park from the Oregon Recreation and Park Association. The park was designed in 2006 by Robin Laughlin, Park Design Manager. The park preserves riverfront land for public use and provides a place to hold large events, a beach entry to the Deschutes River and a fully accessible paver pathway connection to the Deschutes River Trail.

For more information contact Robin Laughlin, Park Design Manager, at 706-6155.
