Adaptive Aquatics Program Volunteers Needed

Volunteers are needed to assist with adaptive swimming programs for young children with disabilities. Adaptive Aquatics programs focus on teaching water safety and swim skills. The program is offered at Juniper Swim & Fitness Center on Wednesday afternoons from 4:00 to 4:40 pm beginning February 17th and Friday evenings from 6:15 to 7:15 pm beginning February 19th. Volunteers do not need to be expert swimmers, but do need to be comfortable with helping in the pool. Training and on-going staff support is provided. Application and background check are required.

For more information contact Kim Johnson, Volunteer Coordinator at 541-706-6127.
