NOTICE OF FOCUS GROUP MEETING

The Bend Park & Recreation District Board of Directors will be participating in a focus group meeting to provide input for a Recreation Needs Assessment, Tuesday, June 28th, 7:00-8:00pm at the district offices, 799 SW Columbia. The district is conducting a Recreation and Indoor Facilities Needs Assessment, followed by a strategic planning process. The purpose of the Needs Assessment and Strategic Plan is to provide quantitative and qualitative information to help determine the overall direction and future resource allocation of the district. The district wants to ensure recreation programs and services in Bend are aligned with the needs of the community. This assessment will be shaped largely through input from district stakeholders, community leaders, and the community at large including both users and non-users of district services. For more information call Bruce Ronning, Director of Planning & Development, or Matt Mercer, Director of Recreation Services at 541-389-7275.
