Section 1. Introduction

1.1. Overview and Background

Bend Park and Recreation District (District) is seeking professional services to develop a Strategic Plan for the District, located in Bend, Oregon. Proposals shall be based on the Scope of Work described in Section 3.

The District seeks to produce a Strategic Plan that:

- Is concise and easy-to-understand
- Relies heavily upon graphics, photos, tables and charts to convey information, rather than using lengthy text
- Includes a template for a succinct, easy-to-update, easy-to-track Annual Action Plan
- Includes tangible performance measures
- Includes a method for tracking progress

Bend Park and Recreation District is a special district with its own taxing authority and publicly elected five-member Board of Directors. The District is not part of the City of Bend or Deschutes County. The District was established under Oregon Revised Statue 266 in 1974 to provide recreation programs, facilities, and park resources for District residents. The District encompasses 42 square miles, which is slightly larger than Bend city limits, with an estimated 2017 population of approximately 88,138.

The District employs 116 full time and 398 part time staff and maintains 81 parks and 70 miles of trails, totaling 3,035 acres of parkland. The District also owns and operates a 62,000 square-foot fitness center, a nationally accredited senior center, a 40,000 square-foot ice and sports facility, and a whitewater park. The District produces and manages a diverse array of more than 1,000 recreation programs.

The District is one of only 165 park and recreation agencies in the U.S. to be accredited by the Commission for Accreditation of Park and Recreation Agencies (CAPRA). The District is also a two-time National Recreation and Park Association Gold Medal Award winning agency.

The District plans to adopt its new Comprehensive Plan in July, 2018 which calls for maintaining a high level of service for residents by developing 170 acres of park land and 46 miles of trails by 2028. The Strategic Plan should acknowledge the goals the District has set forward.

Upon completion, the Strategic Plan will be adopted by the Board of Directors. To facilitate the eventual adoption, staff, with assistance from the consultants, will provide the Board regular updates throughout the duration of the project.
Section 2. Project Understanding

2.2. Budget

The final budget for this work will be based upon negotiations with the selected consultant team.
