looking ahead to summer

This year is highly unusual with all of our daily lives significantly impacted by the COVID-19 Coronavirus. At Bend Park & Recreation District, we are experiencing the uncertainty of the current situation and will continue to do our best to be here for you and your family’s recreation needs. Like you, we're taking this a day and a week at a time.

Spring is typically when individuals and families plan in earnest for summer activities and this Playbook is filled with great recreation opportunities for you to consider.

To help you with your planning, we have created the option to register with no payment to support the financial uncertainty that community members may be experiencing. At time of registration, pay from 0 to 100% of your fees and then 30 days prior to the start of your program you pay the remaining balance on your account. Learn more on page 15.

We hope you will enjoy thinking about and planning for these possibilities, and we will keep you updated for any changes that may be needed as our community and the world moves through this challenging time.

Bend Park & Recreation District staff is available by phone and email to help with your summer registration questions.

Sincerely,

Don Horton, Executive Director

We believe that everyone should have the opportunity to participate in recreation activities. Financial need-based scholarship assistance is available to qualifying individuals for many recreation programs. In the last year, approximately 700 individuals and families have participated in programs with support that provides safe, enriching activities and contribute to a physically active community.

Frequently Asked Questions

Q: Where do I find the schedule?
A: Both the regular and holiday season schedules are posted online at thepavilioninbend.com.

Q: Is there a fee to watch a game or practice?
A: The public is welcome to come spectate. If you are not participating in the activity, there is no fee.

Q: How long is the ice season?
A: The ice season begins in late October and concludes in early April.

Q: How will weather conditions affect the ice?
A: Because the ice sheet is refrigerated and protected by The Pavilion’s roof, dasher boards and clear side panels, weather should not impact our ability to build and maintain ice. However, it is an outdoor rink and ice conditions may vary some.

### Three Therapeutic Fitness Options

#### 1 INDIVIDUALIZED THERAPEUTIC FITNESS PROGRAMS

It’s like having your own fitness coach! Beginning with a personal consultation, your unique needs will be assessed and individualized sessions created to meet your fitness goals.

### Individualized Water Fitness Program

Water exercise can help with many conditions - pre-/post-joint replacement, arthritis, stroke, fibromyalgia, MS and especially back and joint issues. Exercises are designed by the Aquatic Therapeutic & Rehab Institute. As you work out with the three dimensions and characteristics of water - buoyancy, support and resistance - there is little to no impact on your joints. Leveraging resistance, water exercise improves your cardio fitness while strengthening and toning muscles. Call (541) 706-6189 to schedule your personal consultation.

Initial Personal Consultation & Assessment: $83.00
Personalized Session: $66.00

FLOW YOGA

FUNDAMENTALS

Learn to do yoga poses correctly and safely with an emphasis on alignment, proper muscle action and breathing techniques. This class moves at a slow pace and includes the instruction and tools to develop your yoga practice.

RESTORATIVE YOGA

Restorative yoga poses prioritize stillness. This passive practice is done lying and seated, allowing time to go deep into stretches and lengthen tight muscles. Quiet your mind as well as your body.

YIN YOGA

Opens the connective tissue in the body using deep, passive poses held for several minutes. This practice challenges your mind to relax as you tether your focus to your breath.

Intermediate Yoga

FLEXIBLE STRENGTH THROUGH YOGA

A fitness-style yoga class that moves with the breath, continuously stretching and strengthening the body.

KUNDALINI YOGA & MEDITATION

Known as the yoga of awareness, the yoga of consciousness. In Kundalini, practitioners use asanas (physical postures), pranayama (breath), chanting and meditation to transform and deepen our personal practice.

YOGA FLOW

An introduction to Vinyasa Yoga, moving with the breath, this alignment-focused class features a flowing sequence of meditation, breath and traditional Hatha Yoga asanas and aims to increase energy, flexibility and strength.

VINYASA YOGA

Move with the breath in this dynamic form of yoga which incorporates sun salutations and connecting asanas to create flow in your practice.

VINYASA YOGA SOUND BATH

Connect to your breath as you build strength and flexibility, and move through your practice. Then, drop into an extended and deeply relaxing savasana, while being immersed in beautiful sounds that are healing to your body, mind and soul.

POWER VINYASA YOGA

Heat up your practice! You’ll challenge yourself and sweat in this faster-paced, workout-style yoga that is known to produce extraordinary physical results. In addition, practitioners often remark that they grow personally as they continue to build strength and flexibility. Six months prior practice of yoga fundamentals is recommended for this advanced class.

PILATES BARRE

Class flows through a series of Pilates and Barre-inspired exercises to develop deep pelvic floor and posture stabilizing muscles. Done primarily standing.

Advanced Yoga

PIYO LIVE!®

PiYo Live! combines the muscle-sculpting, core-firming benefits of Pilates with the strength and flexibility advantages of yoga. This combo mixed with speed delivers a fat-burning, low-impact workout that aims to have your muscles long, lean and defined.

Water Fitness:

Features: Water is a great equalizer! Help rehabilitate an injury, cross train to enhance athletic performance or simply enjoy the feel-good nature of a warm water workout. The buoyancy and natural resistance of the water creates an optimal exercise environment with little to no impact on your joints while improving cardio fitness and strengthening muscles. No swimming skills are needed and classes held in deep water use flotation devices. Water shoes recommended.

DEEP/SHALLOW WATER WORKOUT
Total body workout emphasizing cardio, with the benefit of core strengthening, muscle toning and stretching. Maintain or improve your fitness level without jarring your joints. Classes held in the deep water use flotation devices.

WATER RUNNING 101
A great intro to water running with 15 minutes on-deck introduction. Get fitted with the correct belt and learn how to use, stabilize and integrate your core doing basic drills on deck before the resistance of water is added.

DEEP WATER RUNNING
Move against the resistance of the water and create a challenging workout with directional changes. Run, ski and move through the water while each stride helps you become a more effective and efficient runner with zero impact. Great cross training for runners and non-runners alike.

Adult Therapeutic Recreation Summer Registration By Survey - Open Now

In an effort to make the registration process accessible to everyone, BPRD-TR is using a survey method to increase the likelihood that many participants will be able to register for their top program choices before all classes are filled. The process for summer registration for the adult-TR programs will be as follows:

- Now - May 1: Registration will be open via survey. The survey can be located on the BPRD website: www.bendparksandrec.org/TR/
- If you would like a paper copy please contact Cheryl Kelley at 541-706-6121 or email at Cheryl@bendparksandrec.org to get registration materials sent/faxed to you.
- May 15: The participant or parent/care-giver will be notified of the participant’s classes and of any fees due. Every effort will be made to give each participant at least their top 2-3 choices in each category and 1 trip if participant selected overnight trips.
- May 20: Arrangements for payment must be received or your spot will be forfeited. After May 20, any unfilled classes will be open for anyone to register.

If at any time you have questions, please contact Cheryl Kelley at 541-706-6121 or cheryl@bendparksandrec.org.

Summer registration opens April 20 • Register online at register.bendparksandrec.org or by phone at (541) 389-7275.
Registration payment options include no money down, pay 30 days prior to program. • Registration information on page 15.

Many thanks to every volunteer who generously contributed time as a coach for youth winter sports programs. These people shared their time, talent, energy and compassion to truly make a difference for the children and families who participate as part of their team. We couldn’t do it without you!

Be a coach!

Youth sports programs rely on adult volunteers to coach the teams of kids who want to play. We organize the teams and provide the equipment, training and on-going support to help make it a successful season for everyone. Coaches get to select practice times and location and receive a lot of appreciation from staff, players and families!

Volunteers needed to coach:

- Kindergarten Soccer
- Youth Fall Soccer
- Youth Flag Football
- Youth Tackle Football
- Middle School Tennis

Sport experience is preferred. Volunteer application is required, a background check is processed and all coaches do concussion awareness training.
